PERSPECTIVE AND POTENTIAL

BEST PRACTICES DAY 2005

Sidat Hyder Morsheed Associates (Pvt) Ltd has once again the privilege of managing the winter - bi-annual Best Practices Day 2005 Conference on September 21, 2005.

Best Practices Day is a unique and comprehensive one day conference that offers you an intensive learning experience as well as exceptional networking opportunities with participants representing a diverse range of industries and functional specializations.

KEY THEMES...

An array of reputed speakers and panellists will address key aspects of various areas

THE CONFERENCE

Commencing with an inaugural session in which all the delegates gather at the main concourse, BPD 2005 is a day full of stimulating presentations and interactive panel discussions laden with the opportunity to network with business leaders and senior executives from across Corporate Pakistan.

As various specialist presentations are taking place concurrently, participants have the option to learn, share and interact according to their specific field of interests and areas of focus.

WHY YOU SHOULD ATTEND

Best Practices Day 2005 is an unparalleled opportunity for participants to discover practical skills and valuable tips that can be applied readily to their organizations to help drive business results and performance excellence.

BPD 2005 is structured so that participants may:

- 1 Understand proven methods shared by **subject matter experts**
- 2 Gain **first hand insights** on benchmarking and measurement
- 3 Learn about **real-world challenges** and successful solutions
- 4 Interpret and apply best practices across a variety of business functions
- 5 Showcase their organizational successes and gain **industry-wide recognition**
- 6 Network with their peers, customers, and industry experts
